This decision is in response to applicants' "RENEWED PETITION UNDER 37 CFR 1.497(d)" filed in the United States Patent and Trademark Office (USPTO) on 13 November 2006.

BACKGROUND

On 21 January 2004, applicants filed international application PCT/US2004/001533, which designated the United States and claimed a priority date of 21 January 2003. A copy of the international application was communicated to the USPTO from the International Bureau on 05 August 2004. The thirty-month period for paying the basic national fee in the United States expired at midnight on 21 July 2005.

On 20 July 2005, applicants filed a transmittal letter for entry into the national stage in the United States which was accompanied by, *inter alia*, the basic national fee and the surcharge under 37 CFR 1.492(h) for filing any of the search fee, the examination fee, or the oath or declaration after the date of the commencement of the national stage.

On 27 December 2005, the United States Designated/Elected Office (DO/EO/US) mailed a NOTIFICATION OF MISSING REQUIREMENTS UNDER 35 U.S.C. 371 (Form PCT/DO/EO/905) indicating, *inter alia*, that an oath or declaration of the inventors in compliance with 37 CFR 1.497(a)-(b) was required.

On 17 January 2006, applicants filed a declaration of inventors naming David C. Dressel and Peter N. Longtin as inventors.

On 01 August 2006, the DO/EO/US mailed a NOTIFICATION OF DEFECTIVE RESPONSE (Form PCT/DO/EO/916) indicating that the second inventor listed on the declaration filed 17 January 2006 did not appear on the international application.

On 31 August 2006, applicants filed a "PETITION TO CORRECT INVENTORSHIP BY THE ADDITION OF INVENTOR(S) (37 CFR 1.497(d)(1))". The petition was accompanied by a statement by Peter N. Longtin, a consent of assignee statement, and a statement under 37 CFR 3.73(b).

On 01 November 2006, a decision was mailed dismissing applicant's petition under 37 CFR 1.497(d) without prejudice for failure to establish acquisition of Foam Enterprises, Inc. by BASF.

On 13 November 2006, applicants submitted the instant "RENEWED PETITION UNDER 37 CFR 1.497(d)" which was accompanied by a copy of a Stock Purchase Agreement establishing the acquisition of Foam Enterprises, Inc. by BASF.

DISCUSSION

37 CFR 1.497(d), provides:

(d) If the oath or declaration filed pursuant to 35 U.S.C. 371(c)(4) and this section names an inventive entity different from the inventive entity set forth in the international application, or if a change to the inventive entity has been effected under PCT Rule 92^{bis} subsequent to the execution of any oath or declaration which was filed in the application under PCT Rule 4.17(iv) or this section and the inventive entity thus changed is different from the inventive entity identified in any such oath or declaration, applicant must submit:

- (1) A statement from each person being added as an inventor and from each person being deleted as an inventor that any error in inventorship in the international application occurred without deceptive intention on his or her part;
- (2) The processing fee set forth in Sec. 1.17(i); and
- (3) If an assignment has been executed by any of the original named inventors, the written consent of the assignee (see Sec. 3.73(b) of this chapter); and
- (4) Any new oath or declaration required by paragraph (f) of this section.

As noted in the decision mailed 01 November 2006, items (1) and (2) have been satisfied, and item (4) is not required.

Item (3) has now been satisfied as well.

The declaration of inventors filed 17 January 2006 is in compliance with 37 CFR 1.497(a)-(b).

CONCLUSION

The request under 37 CFR 1.497(d) is **GRANTED** for the reasons set forth above.

This application is being forwarded to the National Stage Processing Branch of the Office of PCT Operations to continue national stage processing of the application in accordance with this decision including processing the application in the name of David C. Dressel and Peter N. Longtin as inventors.
